The Rollins Sandspur

VOLUME 18 WINTER PARK, FLORIDA, DECEMBER 11, 1915. No. 3

MUSICALE BY PROF. POPE AND MRS. KRAUSS

Thursday evening, December 9, the annual Faculty Recital of the Rollins School of Music, under the leadership of Professor Homer Stanley Pope, Director of the School of Music, was held in Knowles Hall. The program was exceptionally varied and interesting and was the most important musical event of the season so far in Winter Park. Many alumni town, and out of town guests were present to fill the auditorium.

Prof. Pope, tenor, opened the entertainment with a series of charming German songs, including "Das Fischermadchen." His voice was rich and full of resonance and his control was, as usual, masterly. Miss Isabel E. Denison, B. M., emphasized again her thorough musicianship in her accompainments. Miss Elizabeth K. Krauss, whose music is always such a delight to her hearers, was never better in her rendition than on this occasion, displaying complete poise and wonderful technique. Her numbers were "Concerto Op. 76," "Au Bord d'un duisseau" and "Alla Zingaresca" in all of which she showed a wide scope of tone color.

THE SOUTHERN-ROLLINS FOOTBALL GAME

The football team left Winter Park yesterday afternoon on the 3.04 Atlantic Coast Line train for Tampa where they will play Southern College in the closing game of the season.

Since the defeat by Southern a few weeks ago our boys have been hard at work on the field, running, punting and passing, preparing for this coming game. They are certainly showing the proper spirit. The boys are hoping to bring back the victory and we wish them all success.

Miss Mary Conaway, who has been suffering from an attack of la grippe, has sufficiently recovered to resume her studies at the college.

The girls of Cloverleaf are very busy preparing for the Christmas Bazaar which is to be given on Monday the thrteentih, at 3 p. m. in the Lyman gymnasium.

Monday afternoon Miss Idabel Edwards attended a kitchen shower given in honor of Miss Pauline Nuckolls by Misses Helen Warlow and Ruth Isaccson at the home of the former in Orlando. Both honoree and hostessess were formerly students at Rollins.

Side shows" for amusement in the gym next Monday.

ALUMNI NEWS

Let us keep in touch with one another through the Sandspur. It is urged that every member of the Alumni may subscribe for the paper and may send items of interest for publication. Such items may be sent to Berkley Blackman, president of the Alumni Association, Sanford, Florida, or to Anne Bellows, secretary, Winter Park, Florida. May we hear especially from graduates of the music and expression departments.

Mrs. Jasper Barugh, formerly Miss Ethel Kendall, director of the art department, Rollins College, is now living with her husband and two children at Wuswell Hill, London. In a recent letter to Miss Brebner she said that her husband had joined a volunteer regiment and went every evening to drill practice while she herself was taking a course of Red Cross work.

Have your fortune told at the Y. W. bazaar.

Mr. Jim Wilson who some years ago did very nice work in the art department is now in New York. He is studying portrait painting under Robert Henri and is also employed in making illustrations of surgical operations for a medical treatise.

The German professor will entertain you at the bazaar.

"RADIUM" PROF. PALMER'S SUBJECT

Professor Erik S. Palmer, head of the Department of Mathematics in Rollins was the speaker at the weekly meeting of the Young Men's Christian Association held in Knowles Hall Tuesday evening, December 7. Prof. Palmer's addresses are always of great educational value to the students and this one proved to be of especial interest to the young men, as the speaker gave a historical sketch of "matter," and led up in this way to the invention of radium by Mme. Curie, and its manifold uses. James I. Noxon, at the piano, and J. Louis Kilgore, violinist, furnished the music. Vice-president Aaron A. Taylor, of the local association, was the leader of the meeting.

The Y. W. C. A. bazaar will be held in the gym next Monday.

(To a Certain Young Lady)

Aaron—"Are you going to Kissimmee Christmas?"

The Young Lady blushingly—"Yes."

Aaron, sighing—"What a long time before Christmas."

PERSONALS

J. Harold Hill, Freshman president went to Kissimmee Sunday.

Joe Musselwhite spent a delightful week-end touring the state, among the various points visited being Stetson University at DeLand.

Clarence and Harold Tilden made their weekly trip to Tildenville over Sunday. We suppose that "Tilly" spent Sunday evening at Oakland. Here's to you "Tilly," "Chico" says that he has resigned.

Ray Greene left Saturday and returned Tuesday from a short business trip to Pineola with Mr. and Mrs. J. K. List. The entire trip was made by auto.

Fancy work of all kinds at the bazaar.

Miss Freda Reed was married Dec. 5 to Mr. Raymond T. Damson in Oklahoma City.

Miss Cella Avery '14 is spending the winter with her parents in Savvannah, Ga. Ill health prevented her teaching this year.

Mr. Fritz J. Frank is with the David Williams Co., publishers, New York City. He resides in Pleasantville, N. Y.

Mrs. A. A. Dan, formerly Miss Dudly, is now living in Woodside, Long Island.

"The new normal department has attracted several old Alumni back to Wilmington College. Among those who are working for a life certificate is Miss Pauline Ayers of the class of '08."—The Willmingtonian.

Mrs. Abbott, who for a number of years had charge of the sub-preparatory department at Rollins, is teaching this winter at Andohan on Merritt's Island, Fla.

A. D. Gates lives in New York City and is employed with the Armour Meat Packing Co., in Brooklyn.

Miss Jennie Bellows is teaching physical culture in the Polytechnic Institute in Kansas City, Mo.

Lila Oslin is now Mrs. R. Y. Rowe and lives in Hopkins, Fla.

Don't fall to see the Japanese booth at the bazaar.

Mabel Allen is again in Winter Park and will spend the winter with her grandmother, Mrs. Tonsey.

Johnnie Smith teaches music in Orlando, Fla.

Miss Myra Williams who spent the autumn in the north has recently returned to her home in Buckledge, Fla.

Miss Mary Piper, is at her home in Springfield, Ohio.

Priscilla Major is studying in Tallahassee in the Florida State College for Women.

Mrs. Chas. L. Smith returned to her home in Winter Park November 19. She is happy in having with her, Miss Susan Gladium who is teaching in Rollins College.

GREAT INTEREST IN Y. W. C. A. BAZAAR

As the day for the Annual Bazaar of the Y. W. C. A. organization approaches, interest among the students of the Campus, and among the friends of the organization outside of the college is becoming intense, being second only to the Rollins-Southern game.

The big entertainment is to come off Monday afternoon between the hours of 3 and 7:30. Fancy work, side shows, and refreshments will be provided from the sale of which the funds of the organization will be increased. Every friend of the Young Woman's Christian Association is cordially invited to come out and enjoy the afternoon with the college crowd.

Will Hatch who had a position at the exposition this summer, has recently obtained a splendid position with a transportation company in Manilla.

Mr. Wm. Herbert Cook, a prominent business man of Boston, is spending a few days on the campus as a guest of his lifelong friend, Dean A. D. Enyart.

Miss Alice Hatch is employed in one of the public libraries of St. Louis, Mo.

Miss Jeanette Schadt is spending the winter at her home in Ocean Grove.

Dr. Schadt will conduct a party of tourists to Florida about Christmas time.

Mr. Edward Pearson is in the advertising business in Chicago.

Philip Edwards is teaching in the Rayen high school in Youngstown, Ohio.

James Blue is in business in Ashland, Ohio.

Fred Lewton is at the head of the Textile department in the Museum at Washington, D. C. His sisters Jessamine and Ivy are both married and living in Washington.

Mrs. George Noxon who has been visiting her son for the past few weeks, while her husband was away on an extended business trip, returned to her home at Auburndale Thursday.

Salads, ice cream, cake and sandwiches served at the bazar.

Among the various exchanges to arrive this week was, The Florida Alligator, published by the University of Florida. This year the "Alligator" seems to be up to the standard in promoting the welfare of the University.

We are glad to acknowledge the receipt of the following exchanges: The Spokesman, The Middlebury Campus, Orange and Blue.

SATURDAY, DECEMBER 11, 1915.

Can you imagine a college without good stirring college yells and songs? What would it be like? Gym without music, or a face without expression would be just as inspiring. Nothing can give zest and spirit to a school so well as good songs and yells. They create the fighting spirit and that deep love for the Ilma Mater more quickly and easily than anything else.

Here in our own school we have general "pep" meetings which emphasize our good fellowship and the joy of being alive. The purpose of these meetings which are held before the big games is to practice our songs and yells until everyone is thoroughly familiar with them, so that on the field we can cheer our team to victory.

How do our songs and yells compare with those of other schools?

A boy from Wisconsin tells this about the wonderful growth of the University of Illinois. "All the high schools of the state are adopting the university yells and songs because of their stirring words and catchy airs. For this reason everyone is going to the University of Illinois as a matter of course." This was a simple thing, but see the result.

Our yells are good and we do them well. But our songs are not what they should be. We have a few that are good, but we want a collection of songs with both words and tunes that will make us die for the Alma Mater if necessary.

Write some songs. Surely there are those on the campus who can make valuable additions to our collection.

Do not let the mediocre satisfy you. But let us have good songs to match our yells.

ASTRONOMY PROF. PALMER'S SUBJECT

Prof. A. S. Palmer gave a very interesting lecture on Astronomy at the Thursday assembly this week. In the first part of the lecture he gave the history of Astronomy as it was developed through the ages. The remainder of the lecture was given to the description of the bodies belonging to the Solar system. After discussing the sun he gave the peculiar characteristics of each planet in the order of their distance from the sun. Having spoken of the interesting way in which some of the planets were discovered, he gave some concrete illustrations of the relative size of the solar system.
